Backend Technologies: Node.js, Express.js, Apollo GraphQL,

Databases: MongoDB, MySQL

DevOps : Git, Linux, Agile

Others : OOPS, Problem-solving, Leadership

WORK EXPERIENCE

Senior Systems Engineer (Full Stack MERN Developer) | Infosys Private Limited | Nov 2020 - Present

- Created tools and apps for the training program, empowering 50+ teams to learn and excel in frontend and backend technologies, leading to a 40% improvement in their project contributions.
- Spearheaded the adoption of best practices and coding standards within the team, resulting in a 20% reduction in post-release defects.
- Collaborated with cross-functional teams to enhance application security, resulting in zero security vulnerabilities reported in the last year.

Full Stack Developer - Intern | Techzilla India Infotech | Sep 2020 - Nov 2020

- Contributed to the Teaching platform application on frontend and backend.
- Received accolades from project mentors for the clean and maintainable code, earning the "Best Code Quality" award.

EDUCATION

Bachelor of Technology (CSE) | University Institute of Engineering and Technology, MDU, Rohtak, Haryana | 2016-2020

PROJECTS

Navigator Page | Jan 2023 - June 2023

- Developed Navigator Page using React, TypeScript, and Tailwind CSS to provide schools with technical and non-technical empowerment.

Educator Dashboard | Oct 2022 - Nov 2022

- Created Educator Dashboard web application in MERN stack for Online Editor app, leading to improved project completion rates.

Program Dashboard | May 2022 - July 2022

- Developed dynamic MERN stack app to track trainee progress in lex courses, self-assessments, and certifications during training.

Crossword | Feb 2022 - Mar 2022

- Developed Crossword App as part of Konnect application, utilizing MERN stack for gamified learning and promoting Infosys brand.

Internship Portal | July 2021 - Oct 2021

- Transformed internship programs with an advanced Internship Portal, streamlining intern management and mentor collaboration.

Evaluation Tool | Apr 2021 - May 2021

- Automated Evaluation Tool leveraging MERN stack for trainee script assessments, increasing productivity and accuracy.

E-Learning Application | Sep 2020 - Nov 2020

- Empowered learners and educators through a cutting-edge E-Learning platform developed with the MERN stack.
